Who We Are

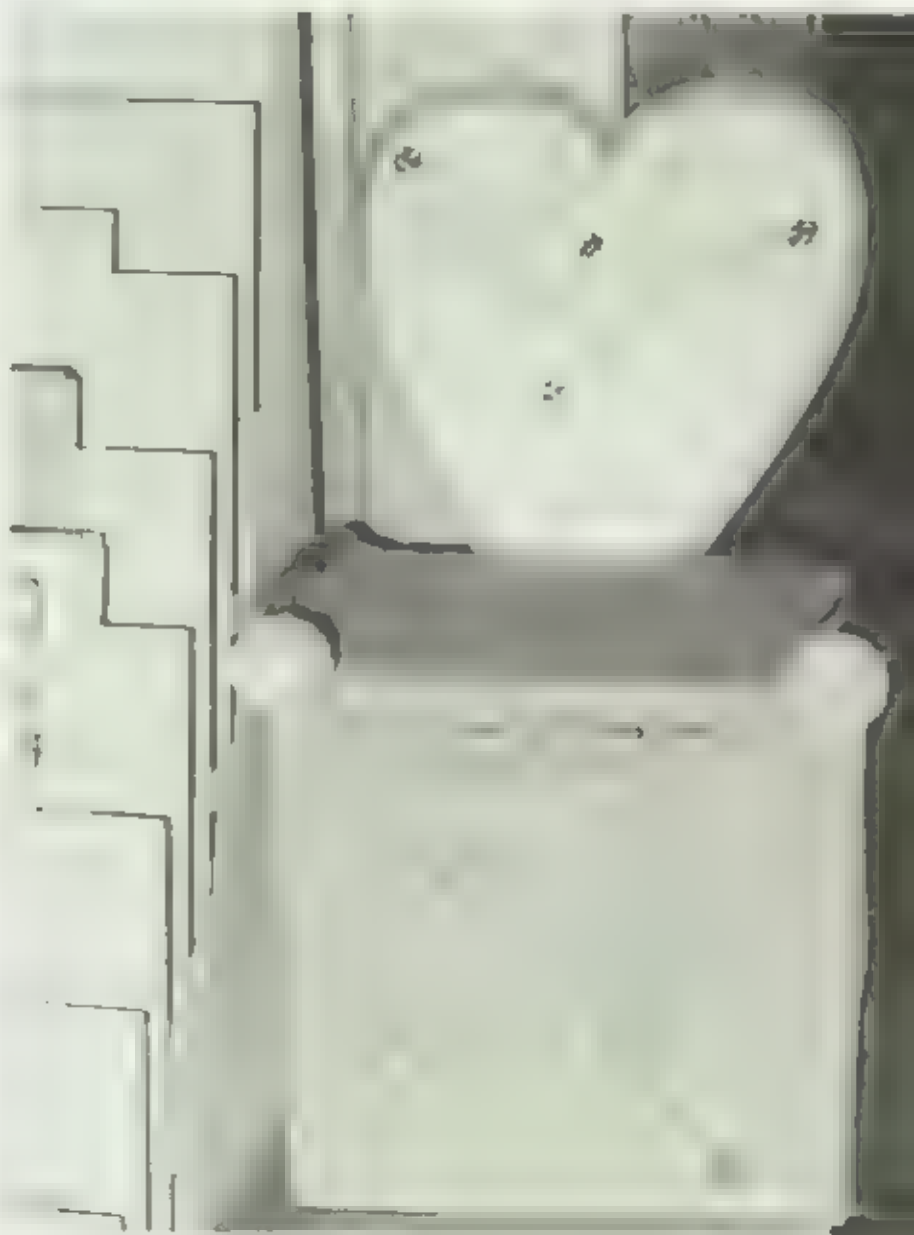

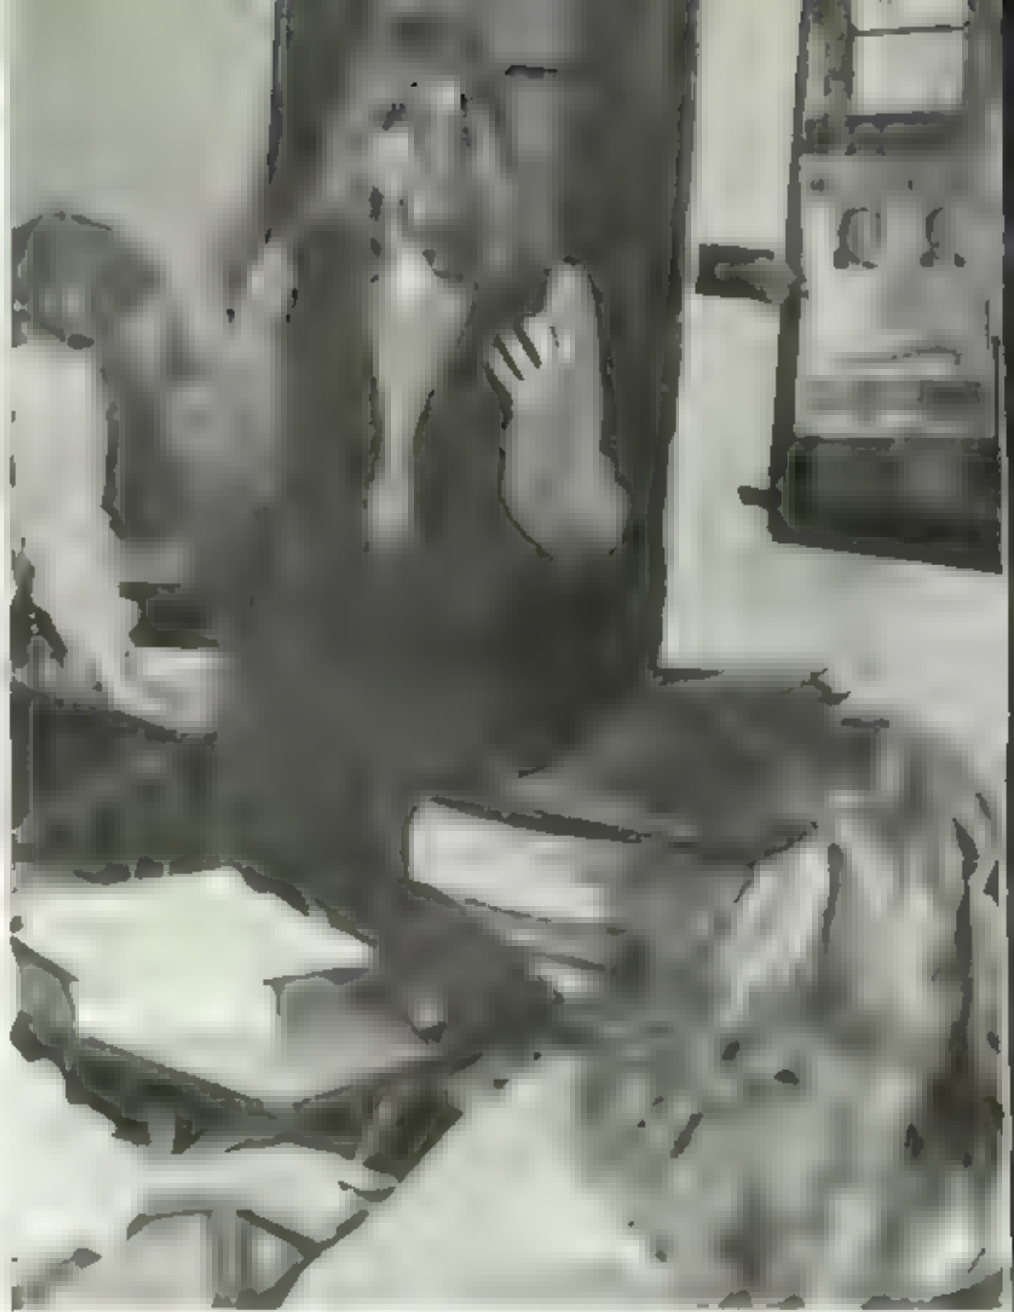

*What We
Do*

Sarah & Wolfram

In Loving Memory of

Mrs. Mary E. Ross
Teacher at Deer Creek from 1943-73

We, the Senior Class of 1979, dedicate this Edition of the Deer Creek Antler Annual to our friend and teacher, Mrs. Mary E. Ross. Mrs. Ross came to Deer Creek in 1943. While teaching here at Deer Creek, she coached the High School Girls Basketball team and later taught the 2nd, 3rd, and 6th grades. Her patience, understanding and conscientious effort will be missed not only by her students but the community as well. No other teacher has had so great an effect upon this community, than Mrs. Mary E. Ross.

Mrs. Mary Ross was many things. She was knowledge with a smile on her face, and wisdom with a book in her hands. She held the future of the nation in her class each day. Each of her days were filled with teaching reading, writing, arithmetic, not to mention science, history, and art, putting on galoshes, umpiring baseball games, and meeting worried parents. She was interested in her students becoming great doctors, artists and novelists of tomorrow. She knew she was instructing the future leaders and secretly selling futures and dreams.

She was a dedicated friend and teacher!

ADMINISTRATION

I would like to express my sincere appreciation to the entire student body, faculty, board of education, supportive personnel, and patronage for a great year in education for Deer Creek Schools.

The annual staff has produced an excellent yearbook. In years to come we can all reflect back on the year recorded herein and remember with pride that we were part of it.

Pride and tradition play an integral part in the achievements, both academic and non-academic, of learning. This entire school community exhibits tremendous pride in their school from which only positive tradition can evolve.

Good luck to the class of 1979! May you continue to be winners in the game of life. I wish you every success in the future.

High School Faculty

JERRY PIPPIN, High School Principal

One of the most important functions of the educational system is the role of the teacher. He or she influences and develops the student's personality as well as their intellect. A teacher's job is endless. Some of their duties include sponsoring various activities and assisting students with learning how to work together toward a goal. It is obvious, that one has to be patient and willing to work hard to be a teacher. However, it seems that the only appreciation or thanks a teacher ever receives is an occasional smile in passing in the hall. But this great part of education keeps working despite the obstacles that occur, and for this reason the Deer Creek teachers deserve a big thank you for a job well done!

Activities Mold School Career

2.

Learning, serving, friendship, and achievements are the factors that mold one's school career. In the 4-H program many of these factors are gained or rewarded by medals, trophies, ribbons and friendly smiles. Here we have pictures of upperclassmen who have profited by the program. Sharon and Anna give a foods demonstration (Upper left hand corner). Deborah and Kathy participate in the style show (Upper right hand corner). Joy, Deborah, Valli, Renee, Kathy, Roxane and Sandy perform their Share-the-Fun Act (Bottom right hand corner). All of these students have become better citizens and have had 4-H Club work enlighten their total school career.

The Snake Pit was born some three years ago by the spinster Wallace, our father. When Snake Pit started it was for the most part just a male cheering section, but when the honorable Snuffy (Wray Paine) and Chip (Kim Turner) took over it became a profit organization. We do, however, come to a few games but most of our time is spent selling things for our own good!

Sincerely hers,

BE PROUD OF

Steve Price watches his receiver run a GO pattern

Deer Creek football has come a long way in the past few years, and this season all the hard work paid off. Much of the credit goes to their coach, Dennis Souza, and his assistants, John Pershall, Jeff McKibbin, and Jeff Pritchard. Coach Souza was elected "Coach of the Year" by other coaches in the state. He deserved it because he was the one who shaped the team into winners. Some of the credit goes to the fans and students of Deer Creek for their spirit, pride, and participation in the team, but the boys themselves deserve most of the credit. Discipline, enthusiasm, and hard work are what makes a football team. They have given all they can into making the team a success and that is what Deer Creek High School's Football Team is — A success. There is still more to accomplish and more to do, so next year we will come back with the same fighting pride.

with you, I'm in the middle of the road
and you're in the middle of the road
and you're in the middle of the road
and you're in the middle of the road
and you're in the middle of the road
and you're in the middle of the road
and you're in the middle of the road
and you're in the middle of the road

And now it's all over
And we're walking on our own
We really must remember
that we were all in the same boat
and we're all in the same boat
